

the subject firm's major declining customers. New findings on reconsideration show that some customers continued reliance on or increased imports of OSB from Canada during the time period relevant to the investigation.

Conclusion

After careful consideration of the new facts obtained on reconsideration, it is concluded that the workers of Willamette Industries, Incorporated, Dallas, Oregon were adversely affected by increased imports of articles like or directly competitive with plywood produced at the subject firm.

"All workers of Willamette Industries, Incorporated, Dallas, Oregon engaged in employment related to the production of plywood, who became totally or partially separated from employment on or after November 13, 1995 are eligible to apply for adjustment assistance under Section 223 of the Trade act of 1974;" and

"All workers of Willamette Industries, Incorporated, Dallas, Oregon engaged in employment related to the production of plywood, who became totally or partially separated from employment on or after November 13, 1995 are eligible to apply for NAFTA-TAA Section 250 of the Trade act of 1974."

Signed at Washington, D.C. this 28th day of May 1997.

Russell T. Kile,

Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

A.H. Schreiber Company, Inc.; Cinnaminson, NJ and New York, New York; Amended Certification Regarding Eligibility to Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 USC 2273) the Department of Labor issued a Notice of Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on June 25, 1996, applicable to all workers of A.H. Schreiber Company, Incorporated located in Cinnaminson, New Jersey. The notice was published in the **Federal Register** on July 9, 1996 (61 FR 36085).

At the request of petitioners, the Department reviewed the certification for workers of the subject firm. New findings show that worker separations

have occurred at A.H. Schreiber's New York, New York location. The workers in New York provided administrative support services for the productions of ladies' and girls' bathing suits at the Cinnaminson plant.

The intent of the Department's certification is to include all workers of A.H. Schreiber Company, Incorporated who were adversely affected by increased imports. Accordingly, the Department is amending the certification to include A.H. Schreiber's workers in New York, New York, providing administrative support services to the subject firm's Cinnaminson, New Jersey plant.

The amended notice applicable to TA-W-32,293 is hereby issued as follows:

All workers of A.H. Schreiber Company, Incorporated, Cinnaminson, New Jersey (TA-W-32,293) and New York, New York (TA-W-32,293A), who became totally or partially separated from employment on or after April 22, 1995, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, D.C. this 2nd day of June 1997.

Russell T. Kile,

Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

Boise Cascade Corporation Paper Division Vancouver, Washington; Notice of Revised Determination on Reconsideration

On July 31, 1996, the Department issued a Notice of Negative Determination Regarding Application on Reconsideration applicable to workers and former workers of the subject firm. The notice was published in the **Federal Register** on August 13, 1996 (61 FR 42059).

The reconsideration resulted in a negative determination because a survey of the subject firm's customers revealed that none of the customers reported purchasing paper from foreign sources during the relevant periods.

On its own motion, the Department reviewed the determination for workers of the subject firm. On review, the Department found that the customer survey conducted for the investigation was limited to those customers

purchasing coated and uncoated paper used to make business forms. Other findings show that prior to the closure of Boise Cascade's Paper Division in Vancouver, various paper products accounted for the primary output at the plant. Company officials supplied the Department a list of customers accounting for the sales decline at the subject plant. New findings show that some customers reported increased import purchases of paper products from foreign sources in 1995 compared to 1994, and in January through September 1996 compared to the same time period of 1995.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with paper products, contributed importantly to the declines in sales or production and to the total or partial separation of workers of Boise Cascade Corporation, Paper Division, Vancouver, Washington. In accordance with the provisions of the Act, I make the following certification:

"All workers of Boise Cascade Corporation, Paper Division, Vancouver, Washington who became totally or partially separated by employment on or after September 9, 1995 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."

Signed in Washington, D.C. this 29th day of May 1997.

Russell T. Kile,

Program Manager, Policy and Reemployment Services, Office, of Trade Adjustment Assistance.
